

PSYCHX GOOGLE MEET INTEGRATION

Switching to Google Meet using a single Google Workspace account to generate meeting links for all therapy sessions.

Cost:

- Single Google Workspace Business Starter account: \$6/month
- One-time setup of Google Cloud project: Free
- API usage: Free within generous quotas
- Total Monthly Cost: \$6 (compared to current Zoom costs)

Benefits of Switching:

- No time limits on meetings
- No downloads required - works in browser
- Automatic calendar integration
- Simple link sharing
- Up to 100 participants per meeting
- Secure, encrypted connections

What I Need From You:

1. Approval for Google Workspace subscription (\$6/month)
2. Business email to set up the Workspace account
3. Permission to create Google Cloud project under business name

Changes for Users:

- Therapists and clients will receive Google Meet links instead of Zoom links
- No need to download software
- Can join through browser
- Will still get calendar invites as usual

The screenshot shows the Google Workspace pricing page. At the top, there are navigation links for Solutions, Products, Industries, AI, Pricing, and Resources. On the right, there are links for Admin console, Contact sales, and Start a trial. The main content area displays four pricing plans:

- Business Starter:** \$6 USD per user/month, 1-year commitment. Features include 30 GB pooled storage, secure custom business email, Gemini app, 100-participant video meetings, and standard support.
- Business Standard (Most Popular):** \$12 USD per user/month, 1-year commitment. Features include 2 TB pooled storage, secure custom business email, Gemini app, 150-participant video meetings, appointment booking pages, AI-powered video creation, and standard support.
- Business Plus:** \$18 USD per user/month, 1-year commitment. Features include 5 TB pooled storage, secure custom business email, Gemini app, 500-participant video meetings, appointment booking pages, AI-powered video creation, and enhanced security and management controls.
- Enterprise:** Contact sales for pricing. Features include 5 TB pooled storage, secure custom business email, Gemini app, 1,000-participant video meetings, appointment booking pages, AI-powered video creation, and enhanced support.

A chat bubble in the bottom right corner says: "Hi there 🌟 What brings you to Google Workspace today?"
